About the Artists

Tamara has been cutting stones for over five years. A love of rock hounding and collecting stones one day led to the obvious question: what do I do with all these rocks? The result was to learn how to both carve by hand and cut cabochons using a capping machine. Tamara likes to specialize in exotic and unusual elements such as dinosaur bone, lace agate, fire agate rhyolite and more. Naturally, turquoise is another interest, and a few select stones have been cut with more in the works. You will find her creations in our showroom, usually set in exquisite pieces by Alton Bedonie.

Alton Bedonie is an award-winning Navajo artist who has been making jewelry since 1972. He and his wife Lillian live in Winslow Arizona. Alton blends both traditional influences with bold, contemporary designs to create jewelry that complements any ensemble, dressy or casual. We often collaborate with Alton on creating new and exciting designs that incorporate stones Tamara has cut.

JEWELRY

Hello Friends!

We are so excited to finally be returning to PA and seeing you all! The holidays are here and with higher shipping costs and slower delivery times, now is the perfect opportunity to shop with us and get your gifts now. And bonus – with this series we are giving away the chance to win a beautiful fossilized dinosaur bone cab cut by Tamara and set in a pendant or ring (your choice) by **Alton Bedonie** (see front for details).

We have been busy putting together another great inventory for this holiday season of shows. Artists are getting back to work and creating lots of new jewelry which will be sure to make wonderful gifts for you or someone special on your shopping list. **Alton Bedonie** switched into high gear with new pendants and rings and is currently working on a necklace with high grade Nacoziari turquoise. Alton was just accepted to be in the Heard Museum show in March 2022 and we're excited to see his creations for that event. Of course, if there are any pieces left after the Heard event, we'll be snapping them up!

Alton came up with a new design for his rings in which he added an additional sheet of silver over a heavier, 12-gauge ring shank. The designs are very carefully hand stamped with a small flat stamp. He compresses the silver by repeatedly going back and forth along these straight and curved lines until the desired depth is achieved. He said this is very slow going but this technique allows him to create precise designs and even create an affect similar to the overlay design seen in Hopi work. His new rings using high grade Nacoziari turquoise and a beautiful new turquoise called Cloud Mountain are impressive! He also made pendants with Nacoziari turquoise, bumble bee jasper and white buffalo. One of the pendants has five layers of silver!

Tamara continued her late-night silversmithing activities to add more items to her Argentium inventory. Custom orders are still in the works, so it's been tricky getting additional items out. But she managed two long (and impressive) necklaces, a tiffany stone & garnet pendant, some earrings and a few rings, and added a new item: bangles. Work continues as we go to press so there is a chance for a couple more items.

We really worked hard on getting a huge and varied selection of earrings from various Navajo, Zuni and Santo Doming pueblo artists. There's also a great selection of new Navajo sterling silver hoop earrings as well as colorful Zuni inlaid hoops. Hoops just never go out of style! We have earrings in all price ranges with a wide variety of colors of turquoise as well as spiny oyster shell, man-made opal, onyx, malachite, mother of pearl, coral and lapis.

There are lots of new necklaces this time out. We picked up some beautiful new Santo Domingo pieces in turquoise, sea shell and all the colors of spiny oyster shell (orange, red and purple) and two magnificent multi strand deep red coral necklaces one of which has accents of Sleeping Beauty turquoise nuggets. In silver beads, we have several new all sterling silver bead necklaces both single and multi-strand, including one 60-inch 3 strand necklace. We just got in a handmade graduated silver bead necklace with beads ranging in size from 8mm to 33mm.

If you like pins, pendants and rings we restocked there as well. We found quite a few all-silver bracelets by Navajo artist **Tom Hawk, Leonard Nez, Albert Jake** and the **Tah family**. A few have over-the-top impressive stamp work on them. There are several new Hopi bracelets as well as a few Hopi

earrings and Pendants. We also have money clips and key rings and, yes, even the beaded key rings, which make nice affordable gifts.

The range of spectacular jewelry is huge and includes works by artists such as **Al Nez, Don Dewa, Donnie Supplee, Lee Yazzie, Vernon Haskie, Edison Cummings, Howard Nelson, Carl and Irene Clark, Ervin Haskie, Ray Tracey, Harlan and Monica Coonsis, Lavina Tsikewa, Ruddell and Nancy Laconsello**, and many more.

Work continues on prepping more collections for sale and we are constantly adding jewelry from some of the previous collections. An example of some of

these collector-quality works is a sterling silver concho belt, a ranger style belt buckle and a reversible necklace by multi-award-winning artist Ray Tracey. We have added about another 70 great rings from various collections to include a very large coral ring by **Amy Quandelacy**.

Other award-winning artists' works include: **Charles Supplee, Tommy Jackson, May Tom, Jack Tom, Kee Yazzie, Octavius Seowtewa, Charlene Reano, Daniel Coriz, Chris Nieto, Nelson Begay, Michael Garcia, Olivia Whitethorn, Alvin Vandever, Dina Huntinghorse and Duane Maktima**.

CARVINGS, POTTERY, RUGS AND MORE

Just in - about a dozen beautiful Navajo sand paintings depicting Monument Valley, the Four Corners area, and still life scenes. As well we have a nice selection of smaller sand paintings which make great gifts. Another achievement (just in the nick of time!) was to obtain a wonderful selection of Mata Ortiz pottery. These 80 new pots, combined with our existing pieces will provide a great variety of affordable, hand-made works of art for the coming holiday season. Many of these pieces have complex, fine-line detail artwork and are hand-coiled. Some have detailed geometric relief patterns and others have very detailed carvings. The price for this quality of work is incredible. In Navajo and Jemez pottery, we have a nice selection of new Navajo hand etched pots and some wonderful hand-made Jemez Pueblo spiral melon pieces. There are also a handful of wonderful storyteller pots from the Lucero family on Jemez.

Our impressive kachina collection continues to dazzle with an inventory that includes work from award winning artists such as **Laurence Dallas, Keith Torres, Raymond Chee, Marlin Pinto and Sterling McRae**.

We also have a great selection of Zuni animal fetish carvings on hand. Many of these carvings are by well-known, award-winning artists and are crafted from an assortment of stones and organic material.

And remember, fetishes are not just for table-top display; be sure to check out the jewelry sections as we also have some fabulous animal and bird fetish necklaces. There will be something in everyone's price range, so be sure to stop by and see us!

See you there!
