Alton's traditional style translated to a simple, modern, contemporary design in sterling silver will showcase this gorgeous, orange-red, blue and black fossilized dinosaur bone cabochon. Your custom piece will be entirely crafted by hand using heavy gauge sterling silver. Design will be at the artists' discretion. Stone: just under 1 7/16" long x just under 1" wide.

About the Artists

Tamara has been cutting stones for over five years. A love of rock hounding and collecting stones one day led to the obvious question: what do I do with all these rocks? The result was to learn how to both carve by hand and cut cabochons using a cabbing machine. Tamara likes to specialize in exotic and unusual elements such as dinosaur bone, lace agate, fire agate rhyolite and more. Naturally, turquoise is another interest, and a few select stones have been cut with more in the works. You will find her creations in our showroom, usually set in exquisite pieces by Alton Bedonie.

Alton Bedonie is an award-winning Navajo artist who has been making jewelry since 1972. He and his wife Lillian live in Winslow Arizona. Alton blends both traditional influences with bold, contemporary designs to create jewelry that complements any ensemble, dressy or casual. We often collaborate with Alton on creating new and exciting designs that incorporate stones Tamara has cut.

Hello Riverside!

We'll be on our way to see you soon!

Fresh off the road from a super-fun buying trip to the Tucson Gem & Mineral Show, we're bringing with us some exciting new things. In addition to adding a huge amount of Native American jewelry to our inventory, we also selected a great variety of fun amber jewelry items from Poland. Baltic amber is light and comfortable to wear. And BONUS - with this series we are having a very special drawing for the chance to win a beautiful gem-grade fossilized dinosaur bone cab cut by Tamara and set in a pendant or ring (your choice) by **Alton Bedonie** (see front for details). It's our way of saying thank you for your dedication and support.

In addition to our Tucson excursion, trips were made to the usual places to restock. **Alton Bedonie** switched into high gear with new pendants and rings and just completed a magnificent Bisbee turquoise necklace with stones we purchased direct from **David Otteson** (of the famous Royston & Otteson mines). **Alton** really hit it out of the park with this one! He was also accepted to be in the Heard Museum show in March 2022 and we're excited to see his creations for that event. Of course, if there are any pieces left after the Heard event, we'll be snapping them up! **Kee Yazzie**, **Nelson Begay** and **Mary Tom** have also been accepted to that show. Congrats to all!

Speaking of **Alton's** top-level work, he came up with a new design for his rings in which he added an additional sheet of silver over a heavier, 12-gauge ring shank. These rings are industrial-strength! The designs are very carefully hand stamped with a small flat stamp. He compresses the silver by repeatedly going back and forth along these straight and curved lines until the desired depth is achieved. He said this is very slow going but this technique allows him to create precise designs and even create an affect similar to the overlay design seen in Hopi work. His new rings using high grade Nacoziari turquoise and a beautiful new turquoise called Cloud Mountain are impressive! He also made pendants with bumble bee jasper and white buffalo. One of the pendants has five layers of silver! In addition to **Alton's** pieces, there are about 25 new pieces of white buffalo jewelry by various Navajo artists

Tamara continued her late-night silversmithing activities to add more items to her Argentium inventory. Custom orders are still in the works, so it's been tricky getting additional items out. But she managed a Tiffany stone & garnet pendant and added a new item: bangles. Work continues and as we go to press and she hopes to add more items.

We really worked hard on getting a huge and varied selection of earrings from various Navajo, Zuni and Santo Domingue pueblo artists. There's also a great selection of new Navajo sterling silver hoop earrings as well as colorful Zuni inlaid hoops. Hoops just never go out of style! We have earrings in all price ranges with a wide variety of colors of turquoise as well as spiny oyster shell, man-made opal, onyx, malachite, mother of pearl, coral and lapis. While we were in Colorado in November a new collection of CLIP earrings came in...at least twenty or so! A rare opportunity for those of you looking these hard-to-find items!

There are lots of new necklaces this time out, including a huge variety of new short turquoise necklaces which can be worn alone or paired with a pendant.

Speaking of turquoise, we'll have beautiful new Santo Domingo pieces in turquoise, sea shell and all the colors of spiny oyster shell (orange, red and purple) and one magnificent multi strand deep red coral necklace. In silver beads, we have several new all sterling silver bead necklaces both single and multi-strand, including one 60-inch 3 strand necklace. We just got in a handmade graduated silver bead necklace with beads ranging in size from 8mm to 33mm.

If you like pins, pendants and rings we restocked there as well. We found quite a few all-silver bracelets by Navajo artist **Tom Hawk**, **Leonard Nez**, **Albert Jake** and the **Tahe** family. A few have over-the-top impressive stamp work on them. There are several new Hopi bracelets as well as a few Hopi earrings and Pendants. We also have money clips and key rings and, yes, even the beaded key rings, which make nice affordable gifts.

We picked up several collections since we saw you last October. There is a rare coral ring and matching earrings by **Melvin Tsosie**, two beautiful Navajo coral

bracelets from the 1980's and a wide, all sterling silver bracelet by the multi award-winning artist **Tom Jim**. The most recent collection we acquired this month contains some fantastic 1950's and 60's Zuni and Navajo pieces. There is a rare old "Sea Foam" Kingman turquoise squash from the 1960's with handmade beads, around eight belt buckles, bracelets, bolos, pins and pendants as well as two channel inlaid cross pendants and one heavy reversible Zuni cross with a handmade chain. In this same collection were also tie tacks, tie bars, cuff links, and a very nice collection of western jewelry. The gentleman that owned the collection was clearly into the western lifestyle, as evidenced by several very collectible and sought-after hand-made horse tack pieces and western accessories by the famous **Edward H. Bohlin** of Hollywood, Ca. This includes a handmade martingale

for use by parade horses. Famous wearers of **Bohlin** creations included Roy Roger and Trigger, and the Lone Ranger and Silver. We just got this collection so Eric has not finished inventorying it, however, if you have an interest in some of the ranger style buckles and other western jewelry included in the collection be sure to inquire. As the work continues, Eric is hopeful there are other pieces by **Edward Bohlin**.

The range of spectacular jewelry is huge and includes works by artists such as **Al Nez**, **Don Dewa**, **Donnie Supplee**, **Lee Yazzie**, **Vernon Haskie**, **Edison Cummings**, **Howard Nelson**, **Carl and Irene Clark**, **Ervin Haskie**, **Ray Tracey**, **Harlan and Monica Coonsis**, **Lavina Tsikewa**, **Ruddell** and **Nancy Laconsello**, and many more.

Other award-winning artists' works include: **Charles Supplee**, **Tommy Jackson**, **May Tom**, **Jack Tom**, **Kee Yazzie**, **Octavius Seowtewa**, **Charlene Reano**, **Daniel Coriz**, **Chris Nieto**, **Nelson Begay**, **Michael Garcia**, **Olivia Whitethorn**, **Alvin Vandever**, **Dina Huntinghorse** and **Duane Maktima**.

CARVINGS, POTTERY, RUGS, SAND PAINTINGS AND MORE

Something new in sand paintings are beautiful Navajo works depicting Monument Valley, the Four Corners area, and still life scenes. As well we have a great new selection of smaller sand paintings which make great gifts. As for Zuni fetish carvings, we just acquired a great collection of about thirty pieces, so there are lots of items from which to shop.

From our Tucson trip comes another large selection of 50+ pieces of amazingly detailed and beautiful **Mata Ortiz** pottery. These new pieces of pottery, combined with our existing pieces will provide a great variety of affordable, hand-made works of art. Many of these pieces have complex, fine-line detail artwork and are hand-coiled. Some have detailed geometric relief patterns and others have very detailed carvings. The price for this quality of work is incredible. In Navajo and Jemez pottery, we have a nice selection of new Navajo hand etched pots and some wonderful hand-made Jemez Pueblo spiral melon pieces. There are also a handful of wonderful storyteller pots from the **Lucero** family on Jemez.

Our impressive kachina collection continues to dazzle with an inventory that includes work from award winning artists such as **Laurence Dallas**, **Keith Torres**, **Raymond Chee**, **Marlin Pinto** and **Sterling McRae**.

We also have a great selection of Zuni animal fetish carvings on hand. Many of these carvings are by well-known, award-winning artists and are crafted from an assortment of stones and organic material.

And remember, fetishes are not just for table-top display; be sure to check out the jewelry sections as we also have some fabulous animal and bird fetish necklaces. There will be something in everyone's price range, so be sure to stop by and see us!

See you there!
